## Submission of COST research projects to the SER

---

Switzerland-based researchers are entitled to carrying out nationally funded research projects within the framework of running COST Actions. Such research projects can be submitted to the usual national funding sources and, additionally, to the State Secretariat for Education and Research SER.

SER/COST-Switzerland accepts applications for research funding linked to running COST Actions. The next deadlines for the submission of research proposals are

**30 April 2012 and 30 April 2013.**

Information about the formal and scientific criteria, the peer-review process and the relevant forms can be obtained here
